YUGA GROUP

Crafting for Beauty

Group Profile

Established in 2003, Yuga Group is a full-service provider of cosmetics packaging products. With multiple manufacturing facilities, we offer complete cosmetics packaging development services from in-house tooling and product design, to the production of aluminium parts, then onto manufacturing of plastic products (including injection molding, blow molding and injection blow molding), and onwards to spray coating, vacuum metallization, hot-stamping, silk-screen printing and heat transfer etc.

We are committed to provide high quality, innovative, agile, value for money services and products to our customers. Meanwhile, being socially responsible, protecting intellectual property rights of customers, and meeting international standards are our core values as we uphold high integrity and strive for sustainable development in order to provide long term values to our stakeholders.

Our Advantages

- Always customer-centric, delivering value added services / high quality products
- All processes are done in-house to ensure timely delivery and quality control
- In-house aluminium product production capability, experienced in aluminium manufacturing since 2003
- Customers include international as well as domestic brands, demonstrating our production capability and product quality
- Multiple manufacturing facilities ensure agility
- ISO: 9001 and SA8000 certified

ALUMINIUM LIPSTICKS

One of our most popular items, these lipsticks are made of full aluminium to offer consumers a full luxury experience with the heft and feel normally associated with full metal packaging.
